> I agree to be bound by the conditions of sale as printed in the catalogue. In the event that several bidders submitted identical highest bids, the auctioneer will start by calling out a price in favour of the highest written bid that is 10% higher than the second highest written bid. The one that was received first will be awarded the winning bid (unless on-site bids outbid the highest written bid).

> Written bids must be received at least 24 hours before the start of the auction and they must contain the exact address of the bidder along with the maximum bid exclusive any commission or other charges. All bids will be executed as cheaply as possible up to the maximum price indicated for each lot.

> Bids will be increased in increments of 10% of the starting price. The bids for lots valued at EUR 2,000 and higher will be raised in steps of EUR 200, lots valued at EUR 4,000 and higher in steps of EUR 500. As a rule the starting price is the one listed in the catalogue, as long as there are not several higher written bids at hand.

> The buyers premium for all items exported out of E.C. is 20%.

For items marked with \*, sold and/or shipped within the European Community the premium is 20% plus VAT on hammer price and premium (20% on cameras, lenses and accessories; 13% on photographs; 10% on books).

For all other items sold and/or shipped within the European Community the premium is 24% (including VAT)

> Invoices for successful bids made in writing or by telephone will be sent out to the respective highest bidders after the auction has ended. They have to be paid in full and without any deductions within eight days after reception.

> Telephone bids have to be confirmed in writing and are at the risk of the caller. Leitz Photographica Auction reserves the right to refuse absentee or telephone bids without disclosing the reason.
